1. **Introduction**

The European Commission (hereafter ‘the Commission’) is committed to protect your personal data and to respect your privacy. The Commission collects and further processes personal data pursuant to Regulation (EU) 2018/1725 of the European Parliament and of the Council of 23 October 2018 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data (repealing Regulation (EC) No 45/2001).

This privacy statement explains the reason for the processing of your personal data, the way we collect, handle and ensure protection of all personal data provided, how that information is used and what rights you have in relation to your personal data. It also specifies the contact details of the responsible Data Controller with whom you may exercise your rights, the Data Protection Officer and the European Data Protection Supervisor.

The information in relation to processing operation “EU Aid Explorer web tool contact form” undertaken by Directorate General for International Partnerships (DG INTPA), Unit D1 is presented below.

2. **Why and how do we process your personal data?**

The EU Aid Explorer is a web-based visualisation tool of Official Development Assistance flows of the EU (European Commission, European Investment Bank (EIB)) and its Member States. It provides statistical data and project information, filtered by donors, recipient countries, DAC sector codes and channels, including information on SDG relevance, contributions to Team Europe Initiatives and other aspects. The EU Aid Explorer is sourced by OECD and IATI data from Member States and the EIB as well as data from the Commission's internal database. The EU Aid Explorer is a public website. The site also provides the users with a contact form leading to a functional mailbox at DG INTPA Unit D1 - INTPA-EUAIDEXPLORER@ec.europa.eu.

Purpose of the processing operation: DG INTPA collects and uses your personal information to be able to respond to the queries/request(s) for information you send to the above-mentioned functional mailbox. If and when you contact this functional mailbox, your name and e-mail address (and any other details you voluntarily provided in your e-mail and/or in the online contact form) are processed for the purpose of answering your query/request. The data are not used for any other purpose.

Your personal data will not be used for an automated decision-making including profiling.
